

CRYSTAL

# Crystal

## Value By Design

Distinctly modern yet timelessly classy, **Crystal** is clearly a step ahead. Exquisite raised panel detailing tops off the high quality laminated thermofoil doors, while adjustable self-closing concealed hinges add clarity to the clean white laminate look. Contoured edges on all doors and drawer fronts for ease of opening, epoxy coated 75lb. capacity drawer slides, and durable, easy clean, solid white interior and exterior surfaces round off Crystal's lasting value.

### FEATURE

1. Base and wall cabinets feature concealed hanging rails for a clean interior appearance.
2. 1/2" thick medium density fiberboard four sided drawer box with standard dovetailed construction for durability.
3. Fully adjustable epoxy coated drawer guide system features lifetime warranty.
4. 1/2" thick medium density fiberboard shelving dovetailed into base end panels for strength.
5. Durable 3/8" thick particle board end panels with UV coated maple woodgrain or white finish (depending on style) enhance interior.
6. 3/8" thick particle board floors with UV coated maple woodgrain or white finish are dadoed into base and wall cabinet end panels.
7. Hardwood face frames feature durable pocket route and screw construction.
8. Internal toe kick strengthens construction and keeps underside of cabinet rodent proof.
9. Self closing, adjustable concealed hinges feature lifetime warranty.
10. Doors and fronts have contoured edges for ease of opening without the need for knobs or pulls (except Lexus series).

DOVETAILED CONSTRUCTION
