LOTUS SERIES

Lotus

Sleek, clean lines accent the boldness of true contemporary elegance, a cabinet that satisfies the most discriminating tastes. Fully adjustable concealed hinges provide lifetime usefulness while adding to the unblemished appearance of **Lotus.** Full and standard overlay thermo-fused melamine doors and drawer fronts complement standard hardwood face frames. All are available in a variety of finishes or you may opt for the optional white/white Lotus which features a white finished hardwood face frame and complete white interior and exterior cabinet case.

FEATURES

- 1. Base and wall cabinets feature concealed hanging rails for a clean interior appearance.
- 2. 1/2" thick medium density fiberboard four sided drawer box with standard dovetailed construction for durability.
- 3. Fully adjustable epoxy coated drawer guide system features lifetime warranty.
- 4. 1/2" thick medium density fiberboard shelving dadoed into base end panels for strength.
- Durable 3/8" thick medium density fiberboard end panels with UV coated maple woodgrain or white finish (depending on style) enhance interior.
- 6. 3/8" thick medium density fiberboard floors with UV coated maple woodgrain or white finish are dadoed into base and wall cabinet end panels.
- 7. Hardwood face frames feature durable pocket route and screw construction.
- 8. Internal toe kick strengthens construction and keeps underside of cabinet rodent proof.
- 9. Self closing, adjustable concealed hinges feature lifetime warranty.
- 10. Lexus comes as a full overlay. Lotus design is a standard overlay.
